Pain Management

Wellspring Pain Solutions

2400 Northpark Dr.
Columbus, IN 47203

812-376-0700

Schneck Pain Center

411 W. Tipton St.
Seymour, IN 47274

812-524-4253

800-234-9222, ext. 54253

Our primary goal is to find the pain source and treat and heal the condition. If examination and accurate diagnosis do not locate the pain source, a customize pain management plan will be developed to control your patient's unique type of pain.

Pain Management – Wellspring Pain Solutions

2400 Northpark Drive Columbus, IN 47203 812-376-0700

Patient Connect Process

Wellspring Pain Solutions, Columbus

Call: 812-376-0700

Fax: 812-375-3161

1. Identify appropriate patient – MD/NP/Office
 - a. Willing to explore non-opioid alternatives
 - b. Has patient had pain management in past?
 - If yes, medical records will need to be obtained for review by specialist office
2. Contact Care Coordinator – MD/NP/Office
 - a. Care Coordinator will call specialist office
 - Reason for referral
 - Imaging available?
 - Obtain previous pain management records (if applicable)
 - Send pertinent chart notes to specialist office (including previous pain management notes, imaging, insurance, and demographic information)
3. Care Coordinator contacts patient
 - a. Inform patient of their appointment date and time
 - They will receive a new patient packet in the mail if time permits, and we ask new patients to show up 30 minutes prior to their appointment time
 - b. Inform patients that they will not receive medication from specialist on their first visit
 - c. Let patients know that they will have to submit a urine sample at their first appointment
 - d. Inform patients that alternatives to medication management will be exhausted before medications are considered
 - Imaging may be needed if not already available
 - Injections
 - Physical therapy
 - Chiropractic
 - Pain psychology
